new atmospheres, new sensations

introduction

give space to imagination

Decal **alldcor 2d** range gives space to imagination in interior decoration. Combining **aesthetics and design** with effectiveness and functionality, it is perfect for **those who buy, apply and enjoy**.

We introduce our **textured polypropylene (PP) films**, which create new atmospheres and generate new sensations with **versatility, safety, resistance, ecology and easy cleaning**.

Alldecor 2d products' composition

A set of properties brought together in a single layer structure that makes it possible to idealize **houses, offices, hotels, restaurants, shops** and many other projects without investing in a total remodeling or making changes.

The **real change** is in **allddecor 2d** products and it is possible to do it with...

In interior decoration, every detail counts for comfort, and the **technical combination of printing and texture** in the production of our **alldcor 2d** films makes the printed design and the deep pores of the relief totally coincident.

**plaza stone
concrete**

decal alldcor 2d P HT 190

The **colors** and **finishes** also contribute to creating **natural and realistic textures**, with a standard thickness range between 0,10mm and 0,20mm (0,004in to 0,008in).

Exclusive proposals for unique atmospheres, valued by the **possibility of personalization** through **UV LED and latex printing technologies**.

2

**willingness
to think big
and in detail**

**sweet chestnut
bleached**

decal alldecor 2d P HT 190

Flexibility and stability are characteristics that distinguish alldecor 2d products from printing to removal. The diversity of applications makes it possible to think big and transform simple walls into extraordinary scenarios or highlight details when combining new trends and old furniture.

**mountain
cappucino**

The waterproofing granted by the double side PE (polyethylene) coated liner optimizes and stabilizes the printing of personalized works. Production is also enhanced with the possibility of reusing the rolls and reducing material waste.

Application is made easier by the primer, which covers the back of our products, and the combination of paper and liner eliminates paper curl until the moment of removal.

**makalu
concrete**

3

**time for
new stories
and memories**

Our **allddecor 2d** films last up to **10 years**, leaving to each person's judgement the time for their new stories, both personal and professional. Whether in an **occasional event** or over a decade, the **cohesion of high performance high tack adhesive** is always present.

monte carlo
light grey

The same happens with the **transparent thermoset varnish**, which covers the surface of the products, protecting them **against abrasion, scratches and chemical influences**. Its composition ensures **resistance to water, humidity and mold**, as well as **resistance to light** and **ease of cleaning**.

4

**responsibility
and tranquility**

**bolegno
alaska white**

decal alldecor 2d P HT 190

Decorating with **alldcor 2d** is more than you can see and touch. It is what you are feeling now, without forgetting the future and, with it in mind, we have created the concept “**responsible aesthetics**”.

We ensure materials produced with **environmental awareness** and complying with **international hygiene and safety standards**.

The formulation of our films is **free of plasticizer components (PVC Free), halogen and formaldehyde**, providing a barrier against the latter. The **pigments used** are **harmless** and the **possibility of elimination by incineration** translates into **low emissions**.

**oxide
glimmer p**

decal alldcor 2d P HT 190

To feel the atmospheres with **added tranquility**, the products comply with the **REACH** (Registration, Evaluation, Authorization and Restriction of Chemicals) **regulation**, adopted by the European Union to **reduce the risks of chemicals in human and planet's health**.
